Most lecturers are nice and fair except some office staffs. For example, some staffs from administration building. Attitude is very bad for foreign students. Improvements should be started from college workers in order to build the reputation of UCD globally.</li> <li>3. 还是从学校开始, 再到爱尔兰政府, 和他们沟通, 给学生争取更多的利益, 在这里工作, 学习的合法权益</li> <li>4. 回答5	<ol style="list-style-type: none"> <li>1. 交流, 沟通。</li> <li>2. Cultural differences are the major problem for the mixture of Irish and Chinese students. Language is another problem that makes Chinese students not well communicates with Irish students. Since we all come from different background, therefore it is hard to make Irish to understand and trust us unless that Irish is very interested in Chinese cultural and trying to approach to Chinese students. Over above, there are not any common things between Chinese and Irish. For example, Irish like drinking, Chinese do not like etc. Most time Chinese stay with Chinese, not because they do not like make friends with Irish, but there are not any common interests between them and most of Irish just do not bother to approach to foreign students, and very few of Irish are not very friendly with foreign students.</li> <li>3. 文化, 如果我们不主动和他们解除, 他们永远不会先接近我们, 但我们中国人的个性是不不太主动的, 这中间有一个鸿沟</li> <li>4. Language proficiency, culture differences, different personal hobbies</li> <li>5. No idea.</li> </ol>

回答6	<ol style="list-style-type: none"> <li>1. null</li> <li>2. If is possible, there should be some specific persons looking after international students, deeply understand them and help them out. Not a corner office in administration building which can only give out some letters, nothing else.</li> <li>3. 学生会应该做之更多的联谊, 我本人参加了羽毛球俱乐部, 发现外国学生的俱乐部真的活动很多, 学生会, 和华人团体将起到很大作用, 但团体应该是为在爱所有学生所服务, 不应该只为成功人士服务。</li> </ol>
